

A CAREER IN INFORMATION TECHNOLOGY

Our Team of Technology Experts

Our IT Team is made up of technologically savvy professionals who are passionate about providing the business with technology strategies, applications and infrastructure to support the end user. They are focused on providing exceptional service to internal customers to enable them in providing the **Best Homeowner Experience**.

Mattamy Homes is known for our commitment to providing the **Best Homeowner Experience** and we achieve this through the quality and commitment of our people. Our Information Technology Team supports numerous offices and communities of varying size and scope in multiple metropolitan areas in Canada and the United States.

The Information Technology department is responsible for delivering IT infrastructure, applications development and maintenance, service desk and end-user computing services to the business. This includes the development, deployment and maintenance of applications and support services such as networks, servers, storage, telecommunication, security and systems applications. The team continuously seeks to improve and enhance technology resources so they business can operate at optimal efficiency.

Common opportunities in our Information Technology Department include:

- **Service Desk Analyst**
- **Divisional IT Support Specialist**
- **Infrastructure Management**
- **Technical Account Manager**
- **Business Analyst**
- **Application Development**
- **Project Manager**
- **Enterprise Architect**
- **Information Security Analyst**

We seek highly motivated and talented IT Professionals with a technological savvy mindset, the ability to manage internal and external relationships with a highly collaborative and service-focused approach, and expertise or certifications in the areas such as ITIL, Windows, Office 365, Sonicwall, JDEdwards and IT Security.

The best way to grow your Information Technology career at Mattamy Homes is to engage in challenging opportunities, leveraging your IT knowledge, analytical, negotiation and relationship management skills to help drive business strategies and solutions that support our dynamic and growing organization. We will work with you to find the right challenging experiences, learning and development to support your personal and career goals.
