

## A CAREER IN LAND ACQUISITION & DEVELOPMENT

### Our Team of Land Acquisition & Development Experts

Our Land Development Team is made up of highly skilled professionals who work in partnership to identify development opportunities, and work with municipalities, engineering firms and civil constructors to develop and design sustainable communities.

Mattamy Homes is known for our commitment to providing the **Best Homeowner Experience** and we achieve this through the quality and commitment of our people. Our Land Acquisition and Development Team focuses on managing development projects from acquisition to assumption, in multiple metropolitan areas within Canada and the United States.

The Land Acquisition and Development Team is responsible for the acquisition, planning, engineering, open-space design and construction for fully integrated communities throughout Ontario and Alberta, as well as the United States. This includes the management of development projects from acquisition to final assumption with liaison between Sales, Marketing, Building/Architecture, government authorities, consulting team, and contractors to ensure projects are completed in a timely and cost effective manner.

The Land Acquisition and Development team is made of a dynamic group of professionals ranging from Vice Presidents, to Land Development Managers, to Land Development Coordinators as well as support staff that is well-versed in engineering, planning, finance, and construction in order to provide the *Best Homeowner Experience*.

### Common opportunities within our Land Development teams include:

- **Land Development Coordinator**
- **Land Development Construction Coordinator**
- **Land Development Manager**
- **Land Development Construction Manager**
- **Senior Land Development Manager**

We are looking for hardworking, detail-oriented and analytical professionals with a strategic mindset and who can establish credibility to build strong working relationships. Individuals who are seeking to utilize their post-secondary education in Engineering, Planning, or Commerce, who enjoy seeing projects through to completion and managing and/or coordinating large development projects while working collaboratively with internal and external stakeholders will find challenge and opportunity in applying their skills with a dynamic, fast-paced industry leader.

We will work with you to find the right challenging experiences, learning and development to support your personal and career goals within our Land Development Department.
